5. To make the third dough, incorporate the second dough and add the flour, sugar, honey, egg yolk and the aromas of citrus and vanilla. Knead with the hook for about a minute.
6. Add the eggs and continue kneading until a smooth, firm dough forms.

7. Finally add the butter cut into small cubes.
8. Keep kneading until it completely detaches from the walls of the bowl.
9. Grease the pandoro mold with butter.
10. Place the dough inside the mold and let it rest for 2-3 hours covered with a cloth to ferment.
